An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gero G. McClellan, Reg. No. 44,227 on 09/22/2006.

The application has been amended as follows:

Amend the claims as follows:

Claim 8,

Line 6, replace the "." at the end of the line with -- ; --

After line 6, insert:

-- generating a power token for an instruction of the instructions, wherein the power token is associated with a power that the instruction consumes during execution; and

re-encoding an opcode of the instruction to include the power token. --

Claim 9,

Replace claim 9 with:

Art Unit: 2116

-- The method of claim 8, wherein the power token is associated with a relative average power that the instruction consumes during execution. --

Claim 21,

Line 2, replace the word "encoding with -- re-encoding --.

Line 2, prior to the word "instructions", insert -- an opcode of --.

Claim 31,

Line 9, after the word "with", insert -- an opcode of --.

The following is an examiner's statement of reasons for allowance:

Applicant's argument with respect to the cited references missing re-encoding an opcode of an instruction to incorporate a power token is persuasive.

All independent claims now contain subject matter distinguishable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
